**HEAR IT, FEEL IT, LIVE IT, SHARE IT – GOD'S LOVE**

Dear siblings in Christ,

Loving our neighbor is exhausting. It's exhausting because in a time of pandemic, loving our neighbor means doing some very hard work to make sure they are safe. It means wearing a mask any time we're in public, even when we are sick of its elastic pulling on our ears and its fabric riding up our nose. It means honoring distance from others, following the arrows on the grocery store floor, standing in the middle of the checkout space to stay six feet from the next shopper. It looks like opting for takeout instead of dining in whenever we have the option, avoiding public gatherings, and being bored at home instead of going to the movies.

Loving our neighbor is exhausting. And we've been doing it since March. And it's getting harder, because we see so many people not doing it anymore. "Covid fatigue," they call it.

"But let us not weary in doing what is right." I know it's tiring. Way back in March, we imagined that this pandemic would be over by Easter, and we are way past that now. We long for this to be over, for us to be able to get back to our regular lives, to not always have to consider the safety of our neighbors in all that we do. But we don't live in that time right now. Don't grow weary, because your neighbor still depends on you. Your neighbor who is a nurse, overwhelmed by the rise in cases and clogged ICUs, needs you. Your neighbor who works as a cashier with no feasible option to stay home and stay safe, needs you. Your neighbor who is elderly and keeps being told their life being lost isn't worth the effort, needs you.

"Each of you look not to your own interests, but to the interests of others." God didn't set us down on Earth as isolated islands, completely unaffected by others. Instead, God put us in communities. God set us among neighbors. And God calls on us to care deeply for each other. Sacrificially care for each other. Give up real things in pursuit of the good for the sake of everyone. And as tempting as it is, we are to resist the temptation to act like everyone else, throw caution to the wind, declare our "freedom" is more important, and focus on just ourselves and what affects us. God calls on us to look up, see our neighbor, and do love.

"Perfect love casts out fear." In all this time apart, we fear the bonds of love withering. We fear for our congregation, what will happen as the months stretch on and the sanctuary remains empty. We fear those families who have "gone digital" not coming back to worship in person. We fear how the pandemic will forever change the church. But God is bigger than fear. God is more faithful to us than any disease that seeks to undo what God has done. God is not going to let a pandemic sever the witness of the Church. Instead, God is calling on the Church to be witnesses to that unflagging love that God gives us, especially in a time when the whole world is off-kilter.

We have a while yet to go, my beloved siblings. Continue to fight the good fight. Love your neighbors. Do everything you can to protect them. Show with your actions how the love of Jesus is still changing the world, even when the body can't meet in person. Hold fast to your faith. God is with you.

In Christ,  
Pastor Lucas

God calls us to the waters of baptism, and as we enter the months ahead, keep in mind the following dates that are open for baptisms.

**December 20, January 17, February 14, April 3, May 9, June 20, July 18 August 15**

Call the Office if any of these dates would work for your family. 715-273-4570

## The CRISIS of CHRISTMAS

Dear Members and Friends of the Northwest Synod of Wisconsin,

Christmas 2020 will occur while we are living through of a series of crises. Here's the list: the pandemic, economic losses, protests against racial injustices, an ongoing climate crisis, and a divided country following a contentious presidential election. I'm not going to lie, it's been stressful for me, and I imagine it has been for you, too. As Christians, we have been moving through these crisis-filled days with the expectation that God is present and God's promises are true. We move forward with hope.

The two Chinese characters for the word “**crisis**,” 危机, have often been translated as “danger” and “opportunity.” Others say that a better translation is “danger” and “change point.” What dangers do you see as your congregation moves toward celebrating the Birth of our Savior – Christmas - in a totally new way? What “opportunities” or “change points” do you see that could propel your church forward in a positive way into God’s future?

Mary experienced a theological crisis when the angel Gabriel revealed to her God's plan to enter this world by the baby in her womb. Mary's body was the center of a theological crisis - much like the theological crisis caused by a virus that has invaded the bodies of our loved ones, and the theological crisis of abused and broken black and brown bodies, and the theological crisis experienced in the misuse of this planet on which all bodies live. Where is God in the crisis? What does this mean?

In a crisis, God comes to us. John 1:1,14 *In the beginning was the Word... and the Word was God...And the Word became flesh and lived among us.* Jesus is God, divine *and* human. God took up residence and moved into our neighborhood. God goes where God's people go and is who the people are. This is the theological promise of John's gospel. God is present with us in our times of crisis and suffering. This is the foundation of Luther's theology of the cross.

God is revealed through the crisis of Mary's pregnancy and Jesus' untimely birth in a Bethlehem barn. God is revealed in the crucifixion; through the body of Jesus, hanging on a cross. God is revealed through the risen body of Jesus on Easter Morning.

No matter how different Christmas is for you this year, no matter what crisis arises, God is there, present as promised, in the WORD made flesh. May the story of Jesus' birth bring you much needed joy and hope this holiday season and may the presence of God comfort you in the new year.

**AMEN**

**11/24/2020** Addition to OS Church Council Minutes

President Randy Winger sent an email to each council member asking for their opinion on the following two items:

By the recommendation of the Covid-19 committee, should we pause the start of our indoor worship service for two weeks beyond our goal of 11-29-2020 due to the wild spread of the virus over the last few weeks.

Should we take \$500.00 from our budgeted emergency funds to send to the Jonathan Chisholm family during their difficult time after his accident and hospitalization.

The church council passed items 1 and 2 by email votes.

Respectfully submitted by Sharon Seibel

## **Property Committee Report:**

As some items have been brought to the attention of the property committee, we would like to give the congregation an update.

### **Moss on the Church Roof:**

This is something that happens to many roofs, especially on the north slopes. As this gives a not-so-pleasant appearance, it does not harm the roof. The roof was re-shingled some years ago with metal shingles which are less likely to be damaged by the moss than asphalt or wood shingles are. In discussing the option of cleaning the moss off, the cost, the potential to damage the surface of the shingles, and the fact that the moss will just grow back it was decided this is not an urgent need.

### **Siding – Peeling Paint:**

The peeling off of the paint on the siding in some areas of the church is definitely an eye sore. The siding was installed in 1997 and the peeling problem began shortly after. Lindus Construction was contacted regarding this problem at that time and the peeling areas were repainted under the warranty of the siding. Lindus Const has once again been advised of this issue and we are awaiting a response. Other than the shoddy appearance, the siding integrity is not compromised.

### **American Flag – Outside:**

The flag in the front of the church will be replaced as it is once again showing wear. We also will be taking steps to modify the flag pole hookup as the life of our flag is only 3-4 months.

### **Sand in the Plumbing:**

Good news here! The issue seems to be resolved with our new well.

Committee Members: Mike Allyn, Mark Raleigh, Bruce Place, Dan Place (Council Liaison)
