HEAR IT, FEEL IT, LIVE IT, SHARE IT – GOD'S LOVE

Dear siblings in Christ,

About a year ago, we joined with about a half dozen other churches in our synod for the Faithful Innovators Network, where we got a team together and started learning some new techniques for being church together in a time of change. We really didn't know it at the time just how much change we were going to need to prepare for! But as it turns out, it was lucky that we got a head start on it, because some of the techniques and questions the FIN process had us asking have been particularly helpful to how we look at ministry in this time of COVID-19.

Take, for example, online worship. We already had the practice in place of putting our worship online. We were starting to get comfortable with the idea of doing ministry in this new and different way. And the FIN team was already talking about how we could improve that part of our ministry together. It made this transition less of a sudden course change and more of a continuation of what we were already doing!

Another big question the FIN process raised was how we take our faith home, rather than just practicing it in and through the church building. In a way, the last several weeks have really pushed us to pay attention to that question! How have you and your family been engaging your faith at home? There are so many ways that we can do that beyond the Sunday worship service.

At our house, we've been watching a daily devotional called "Morning Watch" put on by Pastor Jesse and Pastor Matt down in North Carolina, and Hazel has been starting each morning with fun camp songs and a lesson from Nathan (a red sock puppet and friend of Pastor Jesse and Pastor Matt). If you have kids, and have been looking for a faithful morning routine, "Morning Watch: Kids" is easy to find on YouTube!

This time can also invite us to new ways of practicing the hospitality of our faith. With most of us generally stuck in the house, it can get lonely not getting to see friends and family. How, then, is God calling us to connect with each other if we can't meet in person? One great way to do it is by picking up the phone and calling someone you know who might not have anyone to spend this stay-at-home time with. You could also write a letter, encouraging a neighbor with hopeful words. Or, if you have a decent internet connection, video call someone using Facebook, Zoom, Google, or other numerous programs we are so blessed to have. Just because we can't meet doesn't mean we can't support each other.

We're living in a difficult time, that's for sure. But how is God inviting us to something new and exciting in the midst of it? What new ways can we be church together that COVID-19 is pushing us to do? How can we still share the love of God with our neighbors while we shelter at home? I trust that God is at work in this, and that we will be changed on the other side of it to be a new and revitalized body of Christ, ready to serve our neighbor and share the good news in ways that we would never have imagined even three months ago! May we all keep that in mind as we navigate this pandemic together.

In Christ,
Pastor Lucas

During the month of May, if we are back to attending church, we will once again be collecting kids winter gear: coats, snow pants, boots, hats, mittens/gloves, scarves. If you are stuck at home cleaning out closets, and finding winter wear that you no longer use and is in good condition, or if you have the opportunity to purchase new winter wear on clearance, that would be greatly appreciated. In hopes that we will be able to worship at Our Savior's in

May, we will have a collection box located in the narthex throughout the month. Articles must be clean, no rips or tears, with working zippers. These donated items will be stored until fall when they will be given to needy families right here in Pierce County.

Hope you are all safe and healthy and that we will soon be back to our church family at Our Savior's.

Keep praying and washing your hands.
